

REMARKS

This Correction of Amendment is being submitted to replace the Preliminary Amendment filed on May 10, 2006. According to the Notice, Claim 11 was not provided with the proper status identified. Therefore, the Claims section is now in compliance with 37 CFR 1.121 so that each claim is now provided with the proper status identified. The Preliminary Amendment originally amended the claims to remove multiple dependency form and do not change the scope of the claimed invention.

Applicant respectfully submits that the claims are in condition for allowance and respectfully request that the claims be allowed.

Respectfully submitted,
